El Paso Network for Defense

PRIVACY NOTICE

Data Controller and Exclusive Programmatic Use

The ASCEND Program is administered by the George E. Brown United States/Mexico Foundation for Science, Inc., located at 1775 Eye Street NW, Suite 1150-1141, Washington, DC 20006. The Foundation acts as the official data controller for all information collected through this portal. The George E. Brown United States/Mexico Foundation for Science, Inc. determines the precise purpose and means of processing your corporate data in accordance with applicable legal frameworks as the data controller. The submitted information is designated exclusively for implementing, managing, and achieving the strategic objectives of the Aerospace Supply Chain Ecosystem for National Defense (ASCEND) project, and it will not be repurposed for unrelated commercial activities.

Data Confidentiality, Authorized Specialists, and Statistical Aggregation.

Any proprietary business intelligence, financial disclosures, or operational metrics submitted by your company to the ASCEND program will be kept strictly confidential. By authorizing this data collection, you grant our vetted network of expert consultants explicit consent to access and analyze your assessment information. Access is limited to the execution of consulting, readiness evaluation, and strategic advisory services defined by the ASCEND program. Furthermore, any external reporting, industry tracking, or publications derived from your proprietary information will be treated as aggregated statistical data only.

Regulatory Compliance and Security Frameworks

The data collection, processing, and safeguarding protocols of this platform operate in strict adherence to the following protocols:

- **Federal Regulations (U.S.):** We strictly comply with the U.S. Economic Development Administration (EDA)'s reporting standards and grant management systems, which are consistent with 2 CFR Part 200. Since the ASCEND program exclusively focuses on strategic consulting, capability evaluations, and ecosystem development, the exchange of defense-controlled technical data is not anticipated.
- **State of Texas Jurisdiction:** Adherence to the Texas Data Privacy and Security Act (TDPSA) is required for the protection of digital identifiers, commercial data rights, and sensitive corporate information processed within the state.
- **City of El Paso Jurisprudence:** Alignment with municipal economic development frameworks and local commercial regulations relevant to the West Texas Aerospace and Defense Manufacturing Coalition.
